Independent Auditors' Report

Board of Managers
The American Anti-Vivisection Society

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of The American Anti-Vivisection Society (a non-profit organization) and affiliate, which comprise the consolidated statement of financial position as of December 31, 2014 and 2013, and the related consolidated statements of activities and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The American Anti-Vivisection Society and affiliate as of December 31, 2014 and 2013, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The Schedules I through VIII presented on Pages 21 - 30 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

1. Nature of Organization

The American Anti-Vivisection Society (“Society”) is a nonprofit organization incorporated under the laws of the Commonwealth of Pennsylvania formed for charitable and educational purposes and for the prevention of cruelty to animals, particularly to educate the general public about vivisection, alternatives to vivisection, and with the goal of abolishing vivisection.

Alternatives Research and Development Foundation (“Foundation”) is a nonprofit organization incorporated under the laws of the Commonwealth of Pennsylvania. The purpose of the Foundation is to support the development and utilization of alternatives to the use of animals in biomedical research, testing and education, through provision of research grants and awards and expert information to scientists, media, government agencies, and advocacy groups.

Substantially all of the Organizations’ activities are conducted within the United States, although the organizations occasionally may provide grants or other financial support to foreign persons or organizations. A majority of the Society’s membership resides in the United States. The Organizations’ administrative offices are located in Jenkintown, Pennsylvania.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying financial statements reflect the consolidation of the individual financial statements of The American Anti-Vivisection Society and Alternatives Research and Development Foundation (collectively referred to as “Organizations”). The individual entities have the same board of directors (managers) and share facilities and equipment. The Society has legal control over the Foundation. Inter-organization transactions and balances have been eliminated in consolidation.

Basis of Presentation

The Organizations report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, which represents the expendable resources that are available for operations at management’s discretion; temporarily restricted net assets, which represent resources restricted by donors as to purpose or by the passage of time; and permanently restricted net assets, which represents resources whose use by the Organizations is limited by donor imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organizations.

Temporarily Restricted Resources

Operating funds restricted by the donor, grantor, or other outside party for particular operating purposes are deemed to be earned and reported as revenues when the donee organization has incurred expenditures in compliance with the specific restrictions, or as result of the passage of time restricting the use of the funds. Donor-restricted support is reported as an increase in temporarily restricted net assets. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

Permanently Restricted Resources

Permanently restricted funds are restricted by the donor to be maintained in perpetuity for the use of the donee organization. Generally, the donors of these funds permit the donee organization to use all or part of the income earned on related investments for general or specific purposes. Accumulated unexpended investment gains on permanently restricted funds are considered temporarily restricted until such accumulated gains are spent, temporarily restricted net assets are then reclassified and reported in the consolidated statements of activities and changes in net assets as net assets released from restrictions.

Permanently restricted net assets consist of beneficial interests in perpetual trusts and certain marketable securities, the sale of which is not permitted under the terms of the gift. Net gains and losses related to these marketable securities are also considered permanently restricted.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Contributed Services

A significant portion of each Organization's functions are conducted by unpaid volunteer officers and members. The value of this contributed time is not reflected in the accompanying consolidated financial statements because it does not meet the criteria necessary for recognition.

Receivables from Estates and Trusts

Receivables from estates and trusts are recorded in the year the Organizations' are notified and the associated will is valid and has been admitted to probate and an estimated value is provided by an executor.

Inventory

Inventory consists of supplies, educational materials, books and clothing and is stated at estimated fair value or average cost, whichever is lower.

Furniture and Equipment

Furniture and equipment are stated at cost. All purchases of furniture and equipment in excess of \$1,000 are capitalized. Depreciation is recognized using the straight-line method over the estimated useful lives of three to seven years.

Revenue Recognition

Contributions, bequests, and beneficial interests in perpetual trusts are recorded at their estimated fair values when either Organization has received notification of a promise to give. Dues are recognized as revenue over the applicable term of the membership. Life memberships are recorded as revenue when received.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

Investments

Long-term investments consist of marketable securities, and are recorded at estimated fair value as determined by quoted market values. Investment gains and losses are included in the change in net assets in the accompanying statement of activities and changes in net assets.

The assets of perpetual and other charitable trusts consist principally of marketable securities. The Organizations' beneficial interests in these various trusts are recorded at estimated fair values.

Cash Equivalents

Cash equivalents include highly liquid investments with an original maturity of 90 days or less. The fair value of cash equivalents approximates cost.

Income Taxes

The Society and the Foundation are exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, except on net income derived from unrelated business activities. The Organizations do not have net unrelated business income subject to tax. In addition, each Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

Management believes that it has appropriate support for any tax positions taken, and as such, the Organizations do not have any uncertain tax positions that are material to the consolidated financial statements.

Each Organization's federal Return of Organization Exempt from Income Tax (Form 990) for 2014, 2013, and 2012 are subject to examination by the IRS, generally for three years after the date they were filed.

Grants Payable

Grants payable represent grants awarded to other organizations. Grants payable over multiple years are discounted at prevailing interest rates at the inception of the grant. Grants involving estimates of expenses reimbursable over multiple years include an annual inflation rate based upon current market conditions. Unexpended balances of grants awarded to other organizations are required to be returned. Refunds to the Society and the Foundation are recorded when the amount of refund due becomes known, normally when a final accounting by the grantee is submitted.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities and changes in net assets. Accordingly, certain costs have been allocated among program, general and administrative, and fundraising functions based upon management's estimates.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

Risks and Uncertainties

The Organizations' future results of operations involve a number of risks and uncertainties. Factors that could affect the Organizations' future operating results and cause actual results to vary materially from expectations include, but are not limited to, dependence on key personnel, general economic conditions, reliance on public support and the performance of its long-term investments.

Concentrations of Credit Risk

The Organizations' principal financial instruments subject to credit risk are its cash, cash equivalents, investments and receivables. Fixed income securities are also exposed to interest rate risk. Receivables result primarily from unconditional promises to give, including bequests and other contributions.

New Accounting Standard

In May 2014, the Financial Accounting Standards Board, issued ASU 2014-09, *Revenue from Contracts with Customers*, which amends its guidance related to revenue recognition. ASU 2014-09 requires an entity to recognize revenue as performance obligations are met, in order to reflect the transfer of promised goods or services to customers in an amount that reflects the consideration the entity is entitled to receive for those goods or services. The following steps are applied in the updated guidance: (1) identify the contract(s) with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligations in the contract; and (5) recognize revenue when, or as, the entity satisfies a performance obligation. ASU 2014-09 is effective for nonpublic entities for fiscal years beginning after December 15, 2017, and interim periods within annual periods beginning after December 15, 2018. ASU 2014-09 can be adopted either retrospectively to each prior reporting period presented or as a cumulative-effect adjustment as of the date of adoption. The Organizations are currently determining its implementation approach and assessing the impact that this guidance may have on our consolidated financial position.

Subsequent Events

Management has evaluated subsequent events through April 6, 2015, which is the date the financial statements were available to be issued.

3. Receivables from Estates and Trusts

The Organizations are the beneficiaries of numerous estates and testamentary trusts. In general, the Organizations' policy is to record the receivable from an estate or trust in the year the Organizations are notified and associated will is valid and has been admitted to probate and an estimated value is provided by an executor. The Society has been notified of an estate in which the Society is a beneficiary however has not received a current valuation and a projected value by the Trustee. As such, a reasonable estimate cannot be made at this time and therefore not yet been recorded in the financial statements.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

4. Fair Value of Financial Instruments

The Organizations use fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. The fair value of the financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in some instances, there are no quoted market prices for certain financial instruments. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instruments.

Fair value accounting guidance provides a consistent definition of fair value, which focuses on exit price in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset or liability, a change in valuation technique or the use of multiple valuation techniques may be appropriate. In such instances, determining the price at which willing market participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment. The fair value is a reasonable point within range that is most representative of fair value under current market conditions.

The fair value hierarchy prioritizes the inputs to valuation methods used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 - Quoted prices in markets that are not active, quoted prices for similar securities, or observable inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 - Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported with little or no market activity).

A financial asset's or liability's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following valuation techniques were used to measure fair value of financial instruments:

Marketable equity securities - The fair value of marketable equity securities is generally based on quoted market prices for the identical security.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

Marketable debt securities - The fair value for marketable debt securities is generally based on quoted market prices for the identical security; however quoted market prices may vary for a variety of reasons including the number of market makers and the volume of identical securities traded on the date of valuation. If an identical security is not traded on the valuation date, estimated fair value may be determined by using other significant observable inputs, such as quoted prices for similar securities.

Mutual funds - The fair value of open ended mutual funds is based on net asset value which is generally determined by the quoted market values of the underlying marketable securities owned.

Unit investment trusts - The fair values of unit investment trusts is based on net asset value, which is generally determined by the quoted market values of the underlying marketable securities owned. Securities owned by the unit investment trusts include direct investments in U.S. and international marketable equity and debt securities, and investments in open and closed ended mutual funds and other unit investment trusts that invest in U.S. and international equity and debt securities.

Beneficial interests in perpetual trusts - The fair value of the beneficial interests in perpetual trusts is based on the estimated present value of future cash inflows and the Organizations' percentage interest in the trust assets. These assets are included as Level 3 fair values, based upon the lowest level of input that is significant to the fair value of measurement.

For financial assets measured at fair value on a recurring basis, the fair value measurements by level within the hierarchy used at December 31, 2014 are as follows:

Description	2014			
	Total	Level 1	Level 2	Level 3
Cash equivalents	\$ 3,348,740	\$ 3,348,740	\$ -	\$ -
U.S. equities	15,216,057	15,216,057	-	-

	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Total	<u>\$ 29,306,440</u>	<u>\$ 20,386,622</u>	<u>\$ 7,141,921</u>	<u>\$ 1,777,897</u>

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

For assets falling within Level 3 of the fair value hierarchy, the activity recognized during the year ended December 31, 2013 is as follows:

<u>Beneficial Interests in Perpetual Trusts</u>	<u>Level 3 Total</u>
Balance at January 1, 2013	\$ 2,158,003
Investment income	93,304
Distributions to beneficiary	(93,304)
Withdrawals	(471,310)
Unrealized gains on perpetual trusts	91,204
Balance at December 31, 2013	<u>\$ 1,777,897</u>

5. Long-Term Investments

Long-term investments are carried at fair value in the consolidated statements of financial position, and realized and unrealized gains and losses are reflected in the consolidated statements of activities and changes in net assets.

Fair values of long-term investments by net asset classification are as follows at December 31:

	<u>2014</u>	<u>2013</u>
Unrestricted	\$ 27,137,134	\$ 27,062,852
Temporarily restricted	131,971	120,852
Permanently restricted	344,839	344,839
	<u>\$ 27,613,944</u>	<u>\$ 27,528,543</u>

Long-term investments are composed of the following classes of investments as of December 31:

	<u>2014</u>		<u>2013</u>	
	<u>Cost</u>	<u>Fair Value</u>	<u>Cost</u>	<u>Fair Value</u>
Cash equivalents	\$ 3,348,740	\$ 3,348,740	\$ 3,571,437	\$ 3,571,437
U.S. equities	13,451,410	15,216,057	12,429,683	14,663,773
International equities	8,919	7,866	628,161	676,759
Mutual funds - equity	1,429,490	1,410,853	946,421	938,466
Mutual funds - fixed income	204,836	198,506	569,953	536,187
U.S. corporate debentures	2,255,689	2,210,044	2,716,783	2,679,085
U.S. Treasury securities and bonds of government sponsored enterprises	1,998,667	2,015,237	2,029,572	2,043,398

	<u>\$ 25,995,770</u>	<u>\$ 27,613,944</u>	<u>\$ 25,182,374</u>	<u>\$ 27,528,543</u>

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

The relationship between cost and fair values of investments at December 31 are as follows:

	<u>Long-Term Fair Value</u>	<u>Cost</u>	<u>Excess (Deficiency) of Fair Value over Cost</u>
Long-term investments, 2014	\$ 27,613,944	\$ 25,995,770	\$ 1,618,174
Long-term investments, 2013	27,528,543	25,182,374	<u>2,346,169</u>
Unrealized (losses), net			(727,995)
Realized gains, net			<u>918,613</u>
Total investment gains, net			<u>\$ 190,618</u>

The average annual yield based on the fair value of cash equivalents and long-term investments (net of investment expenses) was approximately 2.4% and 2.2%, and the annual total return including realized and unrealized gains and losses was approximately 3.0% and 15.2%, for the years ended December 31, 2014 and 2013, respectively.

6. Temporarily Restricted Net Assets

The temporarily restricted net assets of the Organizations' are available for the following purposes at December 31:

	<u>2014</u>	<u>2013</u>
Direct benefit of animals - Society	\$ 69,865	\$ 69,890
Any activities of the Society	<u>62,106</u>	<u>50,962</u>
Total	<u>\$ 131,971</u>	<u>\$ 120,852</u>

Temporarily restricted net assets in the amounts of \$24,356 and \$46,347 were released from donor restrictions by incurring expenses satisfying the restricted purposes during 2014 and 2013, respectively.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

7. Permanently Restricted Net Assets

Permanently restricted net assets of the Organizations' consist of marketable securities and beneficial interests in perpetual trusts, the income from which is expendable to support general and specified activities. The Organizations' permanently restricted net assets had purpose restrictions as follows at December 31:

	<u>2014</u>	<u>2013</u>
Society		
Income expendable for the direct benefit of animals	\$ 100,000	\$ 100,000
Income expendable for any activities	<u>1,601,200</u>	<u>1,663,800</u>
	<u>1,701,200</u>	<u>1,763,800</u>
Foundation		
Income expendable for any activities	<u>406,096</u>	<u>358,936</u>
	<u>\$ 2,107,296</u>	<u>\$ 2,122,736</u>

8. Endowments and Similar Funds

The Society's permanent endowment consists of three individual funds, one established for the direct benefit of animals and two for general purposes. Long-term investments include both donor-restricted endowment funds and funds that function as endowment. Net assets associated with endowment funds, including funds designed by the Board of Managers to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation does not have any formal endowment funds; its permanently restricted net assets consist of a beneficial interest in a perpetual trust held by a third party.

Interpretation of Relevant Law

The Society's policy is to require the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Society classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until unexpended cumulative investment gains are appropriated for expenditure by the Society in a manner consistent with the standard of prudence prescribed by the relevant state law. Unless specifically defined, a donor-restricted endowment fund that is required by donor stipulation to accumulate or appropriate endowment funds, the Board of Managers considers the following factors:

- 1) Preservation of the purchasing power of the fund;

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

- 2) The purposes of the donee organization and the donor-restricted endowment fund;
- 3) General economic conditions;
- 4) The possible effects of inflation and deflation;
- 5) The expected total return from income and potential future appreciation of investments;
- 6) Other resources of the donee organization;
- 7) The investment policies of the donee organization.

The following schedule presents the change in the value of the endowment and funds functioning as endowment funds for the year ended December 31, 2014:

	Unrestricted Subject to Spending Rate	Temporarily Restricted	Permanently Restricted	Total
Endowment and Similar Net Assets, Beginning of Year	\$ 27,062,852	\$ 120,852	\$ 344,839	\$ 27,528,543

Endowment and Similar Net Assets, End of Year	\$ 27,062,852	\$ 120,852	\$ 344,839	\$ 27,528,543

Funds with Deficiencies

The fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the relevant state law requires the Organization to retain as a fund of perpetual duration. Such deficiencies, should they occur, would be reported as a reduction of unrestricted net assets. There were no such deficiencies at December 31, 2014 and 2013.

Return Objectives and Risk Parameters

The Organizations have adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain the purchasing power of endowment assets. Endowment assets include investments of donor-restricted funds that the Society must hold in perpetuity and unrestricted investments functioning as endowment. Under this policy, as approved by the Board of Managers, the endowment assets are invested in a manner that is intended to produce results that exceed the performance of a weighted index comprised of S&P 500 index, MSCI EAFE index, Russell 2000 small cap index, Lehman intermediate government/corporate index and 90 day treasury bills, while assuming a level of investment risk acceptable to the Board of Managers.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

Endowment Spending Policy and How the Investment Objectives Relate to the Spending Policy

The Organizations have a policy of appropriating income from endowment funds as needed but not in excess of applicable state law. The amount needed to fund the distributions is first taken from the accumulated excess earnings from prior years, then from the accumulated unexpended net appreciation of endowment funds and, conversely, any undistributed income after the allocation of the total return distribution is added back to the temporarily restricted balance of cumulative net unexpended gains. Over the long term, the Society expects the current spending policy to allow its endowment to grow at an average of four percent annually. This is consistent with the Society's objective to maintain the purchasing power of endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

9. Perpetual Trusts

The Society receives unrestricted income from various perpetual trusts held by third parties. The Society's beneficial interests in these trusts are recorded at their estimated fair values of \$1,356,361 and \$1,418,961 as of December 31, 2014 and 2013, respectively. The Society's average annual yield on the estimated fair value of its beneficial interests in these trusts (exclusive of net investment gains and losses) was approximately 4.54% and 4.72%, for the years ended December 31, 2014 and 2013, respectively. The estimated fair value of these beneficial interests is described in Note 3.

The Foundation receives unrestricted income from a perpetual trust held by a third party. As of December 31, 2014 and 2013, the estimated fair value of the Foundation's beneficial interest in the trust is \$406,096 and \$358,936, respectively, and is considered permanently restricted.

The Foundation's average annual yield on the estimated fair value of its beneficial interest in the perpetual trust was approximately 4.79% and 7.70% for the years ended December 31, 2014 and 2013, respectively.

10. Grants Payable

During 2013, the Society made a grant to another nonprofit organization. The grant represents a portion of the expenses to care for seven chimpanzees for the remainder of their lifetimes. As of December 31, 2014, the chimpanzees' ages range from three to five years of age and have remaining expectancies ranging from 55 to 57 years. Annual expense inflation has been assumed at 2.29%, and the estimated payments have been discounted at 4.1%. Remaining payments, prior to discounting, were \$3,544,997 at December 31, 2014.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements
December 31, 2014 and 2013

In addition, during 2014, the Society also made another multi-year grant. Remaining payments, prior to discounting, were \$100,000 at December 31, 2014. Future estimated grant payments are as follows as of December 31, 2014:

Payable in less than one year	\$ 82,219
Payable in one to five years	186,423
Payable in over five years to 10 years	<u>3,376,355</u>
	3,644,997
Less discount on amounts payable over more than one year	<u>(2,392,801)</u>
Grant payable	<u>\$ 1,252,196</u>

11. Leases

The Society leases its office space under the terms of a non-cancelable agreement classified as an operating lease which expires July 31, 2015. The Foundation also leases its office space under the terms of a non-cancelable agreement classified as an operating lease which expires July 31, 2015.

Total rent expense for all operating leases for the years ended December 31, 2014 and 2013 was \$116,167 and \$116,479, respectively.

Future minimum annual payments under all non-cancelable operating leases are as follows at December 31, 2014:

	<u>Operating Leases</u>
2015	<u>\$ 65,411</u>

12. Retirement Plan

The Society sponsors a Savings Incentive Match Plan for Employees ("SIMPLE") 401(k) plan covering substantially all employees. A SIMPLE is a qualified defined contribution retirement plan for small employers that allows eligible employees to defer compensation on a pre-tax basis, and requires the employer to make either matching contributions for eligible employees who elect to participate, or non-elective contributions for all eligible employees (including those who do not elect to participate but meet eligibility requirements).

Eligible employees of the Society and Foundation have established individual accounts with a qualified plan custodian and are 100% vested in their account balances. The amount of expense recognized from employer contributions to the employee's SIMPLE 401(k) accounts for each of the years ended December 31, 2014 and 2013 is \$30,528 and \$30,901, respectively.

The Society's policy is to fund contributions as they become payable.

The American Anti-Vivisection Society

Notes to Consolidated Financial Statements

December 31, 2014 and 2013

13. Advertising Costs

Advertising costs are expensed as incurred. Advertising expense for the years ended December 31, 2014 and 2013 is \$25,897 and \$22,207, respectively.

14. Related Party Transactions

The following related party transactions are recorded in the accompanying consolidated financial statements for the years ended December 31:

Relationship to the Society and the Foundation	Transaction	2014	2013
Member of the Board of Managers	Commissions earned on investment brokerage conducted through the employer of the Member on behalf of the Society	\$ 89,002	\$ 108,997
Member of the Board of Managers and also the Treasurer	Investment advisory services provided through the employer of the Member on behalf of the Society and the Foundation	166,849	144,664
Member of the Board of Managers is also a Member of the Board of Managers of Ryerss Farm for Aged Equines, a nonprofit recipient of grants from the Society	Contribution to Ryerss Farm for Aged Equines	20,830	36,589

At December 31, 2014, and 2013, the Society had grants payable to Ryerss Farm for Aged Equines in the amount of \$6,815 and \$3,289, respectively.
